

## Did Dizzy Dean Throw Curve At Lansing Man?

DETROIT (AP) — A man arrested in an alleged nationwide gambling operation was quoted by a federal investigator as saying that former major league pitcher Dizzy Dean fleeced a bettor out of "a bundle" of money, the Detroit Free Press said Tuesday night.

The newspaper quoted from a 30-page affidavit filed in federal court in Detroit Dec. 31 by a special agent of the Internal Revenue Service.

The affidavit summarized an

eight-month surveillance of Dean; Howard Sober, 74, a Lansing, Mich., businessman; Donald Dawson, a Birmingham, Mich., restaurateur; and several men arrested last week for alleged gambling activities.

Dawson was arrested at a motel on New Year's Day by IRS agents, who seized gambling records and some \$450,000 in cash and business checks.

The Free Press said that at one point the affidavit quotes Dawson as saying over a tele-

phone: "Dizzy Dean fleeced Howard (Sober) out of a bundle last year. I've tried to get his money. I'm still trying, but I can't."

Neither Dean nor Sober has been arrested in connection with the investigation.

They were not available for comment regarding the affidavit.

Fourteen arrests have been made in Michigan, Mississippi, Nevada and New York.

Sober gave his house to the

State of Michigan as the governor's mansion last year and sold its furnishings to the state for \$250,000.

The Free Press said other disclosures in the affidavit included:

—Sober was overheard trying to place a telephone call from Phoenix, Ariz., to El Paso, Tex., to Bob Devaney, coach of the University of Nebraska football team, which played in the Sun Bowl football game at El Paso.

—Dawson met at the Fox and

Hounds Inn at Bloomfield Hills, Mich., for two hours with an alleged Detroit area Mafia figure.

Reporting on a conversation between Dawson and his wife, Judy, in Phoenix, the affidavit said, according to the Free Press:

"Dawson said that Sober was going to be leaving Phoenix and going back to Lansing in the near future and that he might be accompanying him; that Sober was going back to Lansing to get \$250,000 which he had

coming from the sale of a mansion to the State of Michigan.

The newspaper said the affidavit was a sworn statement of overheard conversations and observations by IRS agent Herbert Hinchman and other agents in Detroit, Lansing and Phoenix.

The affidavit deals with conversations involving Dawson talking with Sober, Dizzy Dean and the others arrested during raids in several locations, the Free Press said.

"Dawson then told his wife

that if he could figure out some way to keep Sober in Phoenix until June 1, 1969, he should be able to win at least \$40,000 more from him," the newspaper quotes the affidavit as saying.

The Free Press said that the affidavit reports on a Dec. 21 conversation between Dawson and his wife in which Dawson complained about losing money on football games the day before.

The affidavit, according to the newspaper, said:

"Dawson told his wife that we lost a bundle yesterday, damn it; that those Jets, they should have at least tied that game up and that Sober tells me that Bob Devaney, the coach of Nebraska, told him that his team wasn't ready. What do they do? They win 46 to 6."

Other stories on gambling probe appear on Page 15. (Sports Page).

## FBI Joins In Search For Yablonski Killers

CLARKSVILLE, Pa. (AP) — FBI agents have joined state police investigators seeking to solve the murders of United Mine Workers leader Joseph A. "Jock" Yablonski and his wife and daughter.

Trail Cold

But as federal authorities entered the case Tuesday night on the orders of Atty. Gen. John N. Mitchell, the state policeman in charge of the investigation said

the trail of the killers was cold. "We are conducting a thorough, wide open investigation," said Capt. Joseph Snyder. "But we still have no solid lead or motive."

Snyder added that his men were not pursuing any particular theory on the case, referring to charges by Yablonski's two sons that the slayings were linked to their father's unsuccessful bid for the presidency of

the UMW last month.

"I wouldn't say the slayings had anything to do with union matters or that they didn't," Snyder said. "We are investigating every angle."

All Angles Probed

The pajama-clad bodies of Yablonski, 59, his wife Margaret, 57, and their 25-year-old daughter Charlotte, were found Monday afternoon in bedrooms of the family's rural home in this southwestern Pennsylvania coal mining town 35 miles south of Pittsburgh.

Authorities said all three had been shot with a .38-caliber pistol—Yablonski five times and the two women twice—three or four days earlier.

FBI Called In

Mitchell ordered the FBI into the case to "determine whether or not the three deaths in any way involve federally protected rights of labor union members." Federal assistance had been requested by Yablonski's sons and Pennsylvania Gov. Raymond P. Shafer.

In a statement, the sons, Kenneth J. and Joseph "Chip" Yablonski, charged the killings were the work of "professional assassins."

"There are no doubts that these horrible misdeeds are an outgrowth of our father's most recent bid to win election to the presidency of the United Mine Workers of America," the brothers said.

Missing Freight Not Really Lost

ST. JOHNS (AP)—The Grand Trunk & Western's missing freight train really wasn't missing at all. Just a little behind schedule.

The Shiawassee County Sheriff's Department received a mysterious report today that a Muskegon to Durand train was missing.

Later, Clinton County sheriff's deputies spotted the train west of St. Johns and reported everything appeared to be in order.

A call to Livingston County authorities to check on the train brought the reply: "A what? How do you lose a train?"

In Clinton County the authorities weren't so surprised. A deputy on duty today recalled an incident a year or so ago when a steam engine, being pulled to Grand Rapids for a special excursion, was misplaced for awhile on a siding at Ionia.

## Police Find Body Of Missing Girl, 4

DETROIT (AP)—The charred body of a 4-year-old Detroit girl has been found in the basement of a vacant home several blocks from the grocery store she was seen leaving Monday night with a man.

The girl, Wendy Harris, was identified through clothing found on the first floor of the vacant house some 10 blocks from her home, police said.

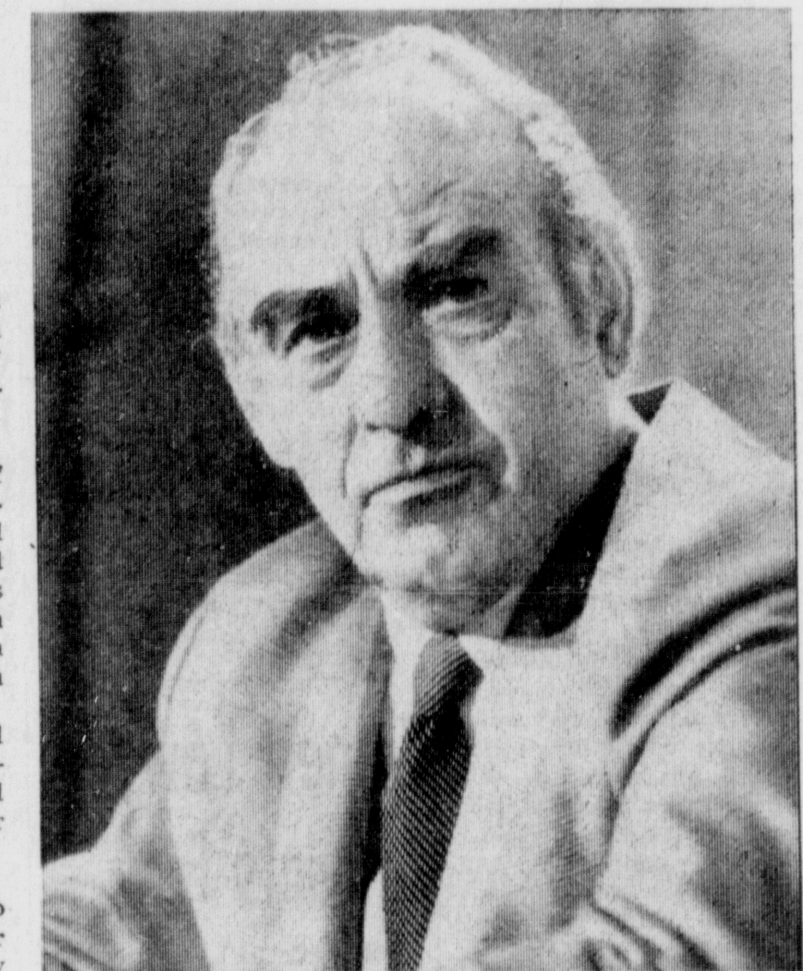

Police sought a man who was seen leaving the store with the girl. He had given her enough money to buy a can of grape pop. The can, unopened, was found near the body, detectives said.

Police said it appeared that the child had been stripped of her clothes and then either choked or beaten and her body laid in a pile of rags that was set afire.

Detective Lieut. John Domm of the Detroit Police Homicide Bureau said whatever was used to burn the body caused a "small, intense fire" and it was not certain that the child was dead before she was burned.

Domm said two police patrolmen found the body while they were making a door-to-door search of the area where the child lived.

The officers—James Kujawski and Roger Studer—noticed windows broken and a rear door

JOSEPH (JOCK) YABLONSKI, unsuccessful candidate in the election race for the presidency of the United Mine Workers Union, was found murdered in his Clarksville, Pa., home, along with his wife and daughter. No clues have been uncovered in the brutal slayings as yet. (AP Wire-photo)

## Sinatra Named In Mafia Probe

NEWARK, N.J. (AP) — Widespread Mafia infiltration of New Jersey police and politics—to the point of allegedly influencing selection of a state police head—are portrayed in FBI transcripts of electronic eavesdropping filed in federal court here.

Twelve volumes covering four years of recording name dozens of public personalities including singer Frank Sinatra, Mayor Hugh Addonizio and Police Director Dominick Spina, of Newark, State Police Supt. David B. Kelly and former Supt. Dominic Capello, powerful Democratic leader John V. Kenny, and state Democratic Chairman Salvatore Bontempo.

The transcripts, produced Tuesday in the extortion trial of reputed Mafia boss Angelo "Gyp" DeCarlo, tell of payoffs to public officials, loansharking and gambling operations, skim-offs from Las Vegas gambling—even infiltration of the telephone company and the Masonic lodge.

The transcripts were made public by U.S. Judge Robert F. Shaw over vigorous defense ob-

jections. Shaw reserved decision on whether they could be used as evidence in the trial.

Among highlights of the documents:

State police — An FBI memorandum said "it appeared that Kenny had Capello appointed state police superintendent through Gov. Richard J. Hughes at DeCarlo's request. Kenny also has agreed to have Capt. David Kelly appointed superintendent to succeed Capello at DeCarlo's request."

Payoffs—Capello and Spina are named as having received payments. The transcripts also talk of payments to Middlesex county police and David T. Wilentz, county Democratic leader.

Election—DeCarlo raised money for Addonizio before his election as Newark mayor in 1961 after 14 years as a congressman. The transcripts indicate DeCarlo and associates worked to get Michael "Mickey" Bontempo, brother of the state Democratic chairman, out of the race.

Sinatra—Harold "Kayo" Konigsberg, a Bayonne loanshark now in prison, talked with DeCarlo about getting money for Jamaican hotel if there were a possibility of gambling. Konigsberg is quoted: "I'll see Sinatra and have a talk with him." Sinatra is fighting a subpoena and an arrest warrant from the State Investigations Commission which called him in its inquiry into crime.

Dean Reportedly Took Advantage Of Millionaire

DETROIT (AP) — Dizzy Dean, the Hall of Fame baseball pitcher, has been described in an affidavit used to obtain a federal search warrant as one of several men trying to take advantage of a millionaire trucking executive.

Dean was accused in the affidavit of fleecing Howard Sober, 74, a Lansing, Mich., businessman who was described as a man who likes to gamble on anything. Dean's accuser in the affidavit compiled by an Internal Revenue Service agent, was Donald Dawson who was one of 10 men arrested New Year's Day and charged with violation of interstate wagering laws.

Neither Dean nor Sober have been arrested or charged with anything.

## Union Demand GOP Headache

WASHINGTON (AP) — A whopping Teamsters union wage demand for the nation's truck drivers has added to President Nixon's economic headaches amid signs of a crack in tough White House policies to curb inflation.

The union's three-year pay demands representing at least a 45 per cent increase and totaling \$2.50 an hour for 450,000 workers—most now averaging \$4 an hour—were set for presentation to the trucking industry today.

The demands also include an additional \$1.25 per hour in fringe benefits and extra cost-of-living pay if prices continue rising in the nation's worst inflationary spiral in nearly 20 years, it was learned.

At the same time, Secretary of Labor George P. Shultz said high interest rates creating a tight money supply—a key Nixon weapon against inflation—were squeezing business too hard in the slowing economy.

"If we keep the stranglehold on the money supply, the prospects are for more signs of slowing in the economic indicators that we see," Shultz said at a Tuesday news conference in the first open break among top level Nixon administration economists.

## Dinis Threatens To Quit Inquest

EDGARTOWN, Mass. (AP) — Dist. Atty. Edmund S. Dinis threatened to walk out of court unless Judge James A. Boyle gave him more latitude in questioning witnesses at the inquest into the death of Mary Jo Kopechne, it has been learned.

Rather than abort the long-delayed inquiry, Boyle told Dinis he could ask desired questions of Sen. Edward M. Kennedy, driver of a car that toppled off a Chappaquiddick Island bridge last July, trapping Miss Kopechne inside.

Judge Has Last Word

But the 63-year-old judge did have the last word on the order in which witnesses would appear, two sources close to the case said. Dinis, they said, wanted to bring the inquest to a dramatic climax by summoning as the last witnesses Kennedy and the two men the senator said aided his fruitless efforts to dive for the 28-year-old secretary—his cousin, Joseph F. Gargan, and a friend, attorney Paul Markham.

But Judge Boyle, it was learned, ordered otherwise. He

Direct Testimony Asked

At the outset, Boyle had announced that he would permit only testimony directly related to whether Kennedy or anyone else acted criminally concerning Miss Kopechne's death.

The sources gave this account of Monday's events:

When Kennedy took the stand in the nearly empty courtroom in the old Dukes County Courthouse, Dinis began to question him. Judge Boyle, citing his earlier announcement, cut the district attorney off several times.

Dennis Protests

Dinis protested and Boyle asked Kennedy to step outside. In the subsequent conference between the judge and the district attorney, Dinis said he would walk out of the case unless Boyle let him ask his questions. Boyle reluctantly acquiesced.

Accident Fatal To Woman Page

LANSING (AP)—Funeral services will be held Thursday for a 31-year-old Laingsburg woman who took a \$5,400-a-year job as a page in the Michigan House of Representatives to support her five children.

Mrs. Ann Marie Archer died Monday when her car collided with the caboose of a Grand Trunk Western Railway train near Haslett. Ingham County sheriff's deputies said she was returning home from the funeral of an uncle.

DELTA AIRLINES PILOT Maurice Kuenze, right, foiled an attempt to hijack his DC9 jet at Jacksonville, Fla., Tuesday when he slammed the brakes during landing throwing the would-be hijacker to the floor where he was subdued by several passengers. The hijacker held a knife at the throat of stewardess Sharon Beresford, left, before the incident. (AP Wirephoto)

## Spacemen Find Lives Affected By Strict Rules

SPACE CENTER, Houston (AP) — Strict Space Agency flight regulations which grounded three astronauts this month aren't the only rules that chaff America's spacemen. Guides for conduct—many of them unwritten—affect almost every phase of their lives.

Enforcement of the rules by the space agency seldom falls into public attention, as did the grounding this month of astronauts Alan L. Bean, Walter Cunningham and Joseph Kerwin.

Usually the enforcement is little more than a word from a space official to the guilty party or an experience that is its own punishment.

Bean, Cunningham and Kerwin are forbidden to fly air planes until Jan. 23 because they broke flight safety regulations.

The rules that control their lives and others in the astronaut corps are more subtle and more complex.

One of the most closely guarded secrets are the rulings National Aeronautics and Space Administration (NASA) officials make regarding investments by the astronauts.

The astronauts are forbidden to lend their names to any commercial enterprise and many have had to decline potentially lucrative offers.

NASA is cautious about lending support, or that of its astronauts, to fund-raising activities.

Many people, especially in the early days of the program, liked to do things for the spacemen.

One businessman offered plush homes, free, to the seven original astronauts. The agency forced the spacemen to decline the offer.

Car dealers have sold cars to the spacemen for a fraction of their cost. The space agency, for some reason, has permitted this.

## Today's Chuckie

## Excise Tax Hike Eyed By Nixon

WASHINGTON (AP) — President Nixon may seek increases in several federal excise taxes, including a possible steep hike in the cigarette levy, to help keep his promise of a balanced budget.

Government sources disclosed the Treasury has drafted and sent to the White House "a number of alternatives," including higher excise levies, for boosting tax revenues in fiscal 1971. Some of the proposals will ap-

## Highly-Insured Satellite Set For Launching

CAPE KENNEDY, Fla. (AP) — The first U.S. space rocket ever insured against failure—at a premium of \$872,000—attempts to hurl a commercial communications satellite into orbit today.

The Communications Satellite Corp. (COMSAT) negotiated the policy with international underwriters who will pay COMSAT \$4.57 million if the Delta rocket fails to place the spacecraft in a desired orbit.

That's 75 per cent of COMSAT's \$6.1 million investment in the launching, which is scheduled for 6:10 p.m. EST.

COMSAT is the U.S. representative on the 70-nation International Telecommunications Satellite Consortium—INTELSAT—and is paying 53 per cent of the \$11.5 million cost of the satellite, rocket and launch. The other members did not insure their 47 per cent share of the price tag.

The satellite is the sixth in the Intelsat 3 series, three of which are in stationary orbits 22,300 miles above the Atlantic, Pacific and Indian Oceans, forming a global network. The newest satellite is to hover above the Atlantic.

Two other Intelsat 3 satellites failed to reach orbit in September 1968 and July 1969.

Weather

ESCANABA AND VICINITY.—Variable cloudiness and continued unseasonably cold with a chance of occasional snow flurries or light snow today, tonight and Thursday. Highs today and Thursday in the mid-teens. Low tonight around 5 below zero, lower locally. Little change in temperature Friday. Sun sets today at 5:20 p. m., and rises Thursday at 8:29 a. m.

Western and Central Upper Peninsula — Cloudy and cold with chance of snow. Snowfalls of one to three inches predicted for Lake Superior area. Highs today between 12 and 16, lows tonight will range from zero to 10 below. Thursday's high will be 8 to 16 above. Little change Friday. Winds northwest to north 15 mph today and 10 to 15 mph tonight and Thursday. Probabilities of precipitation: 30% today, 30% tonight and 30% Thursday.

## Allies Trounce VC At 3 Sites

SAIGON (AP) — U.S. and South Vietnamese forces intercepted North Vietnamese troops in three regions ranging from the Cambodian border to the Demilitarized Zone and killed nearly 300 of the enemy with a rain of bombs, rockets and shells, military spokesmen reported today.

The U.S. Command reported the North Vietnamese shot down five American helicopters, three of them in one battle, raising to 6,295 the number of U.S. aircraft reported lost in Vietnam war during nearly a decade of fighting.

Battlefield reports said infantrymen, tanks, armored personnel carriers mounted with heavy machine guns, jet bombers and helicopter gunships cut down the North Vietnamese troops in eight battles as the enemy forces apparently tried to maneuver into position for new attacks on allied bases.

Because the massive American firepower carried the brunt of the battles, allied casualties were reported light.

The U.S. Command said one American was killed and 29 were wounded while field reports put South Vietnamese government casualties at eight killed and 32 wounded.

The biggest battles raged south of Da Nang, where the enemy launched a new offensive over the weekend, along the Cambodian border north of Saigon where North Vietnamese troops are reported massing for a new drive, and less than two miles south of the demilitarized zone.

# New Air Ordinance Presented To Board

By BOB GREGG

The Delta County Board of Supervisors introduced its own air pollution control ordinance at its meeting held Tuesday night at the Delta County Building.

According to Board members, the proposed ordinance was the net result of over three months of extensive study into a possible air ordinance for Delta County.

The ordinance was basically the work of the Board based upon advice from the Legislative Research Center at the University of Michigan. The center, which is part of the Michigan Law School, contributed its ideas for the proposed ordinance on the desires of the county board.

The ordinance, on the whole, is very similar to the one proposed by the Save Our Air (SOA) Committee at a county board meeting back in October.

"It's a flexible ordinance," said John Beauchamp, county prosecutor and legal counsel for the Board. "I believe it is adequate enough to protect the people of Delta County from air pollution," Beauchamp added.

Beauchamp submitted the ordinance for the Board's consideration. In placing the ordinance before the Board he informed them that there was room in the ordinance for possible changes.

Some legal question arose as to whether the Board had the power to initiate such an ordinance. "The Legislative Research Center told me that the county can pass an ordinance only if it doesn't interfere with any local unit of government," the prosecutor said.

**Need Permission**

Beauchamp said, however, that it might be possible for the Board to pass its ordinance provided they get permission from all the local units of government in the county.

"I don't think it would be illegal," he told county board chairman Frank Stupak when questioned as to whether the Board could vote on the ordinance.

Beauchamp recommended to the Board that it receive an opinion from the attorney-general's office to clarify whether or not the Board could legally adopt the ordinance under consideration.

The prosecutor also recommended that the Board hold hearings on the proposed ordinance in all the townships in order to get a better opinion of county residents in regards to the ordinance.

Beauchamp told the Daily Press this morning that he felt local units of government in the county would have to endorse the ordinance before it could be enforced in their area of jurisdiction.

Members of the SOA Committee were in attendance at the meeting, but they had no comment on the new proposed ordinance placed before the Board.

In other business, the Board re-elected Frank Stupak as chairman for 1970 and supported a resolution presented by George Rusch of CUPEDD sewer and water grants for Delta County.

**Animal Control**

Chuck Lane, Delta County animal control officer, gave his annual report to the Board. He told the Board that he made 739 calls during 1969.

"Last year we had 25 dog bites reported," Lane said. "We also had 12 cat bites reported," he added "and out of all the bites not one animal was found with any evidence of rabies."

Lane reported to the Board that 388 dogs and 209 cats were disposed of during 1969 either at the owner's request or on citizen complaints.

The Board closed its meeting by supporting a motion by board member Harold Vanlerbergh that a resolution be sent to the U. S. Department of Commerce and Congressman Philip Ruppe asking for the re-establishing of a weather station in Escanaba.

# Smaller Board Bigger Spenders

County government is costing Delta County residents more money than ever before. According to figures released today by the county clerk's office the five-man Delta County Board of Supervisors outspent its 27-man predecessor by \$1,826.

The one-year-old, five-man Board was paid a total of over \$10,328 for attending meetings. The previous Board was paid \$9,085. When divided by the amount of Board members, these figures show the average five-man Board member getting \$2,065 for his year's work, while his 27-man predecessor averaged only \$337 per year.

The current Board members are also spending more money, per person, on such items as mileage, office supplies, telephone and telegrams, conventions, secretarial help and advertising than their 27-man predecessors.

The only area in which the five-man Board spent less than the old Board was mileage. The new group spent \$1,131 compared to \$2,114 spent by the old Board. Per man, however, today's Board member is spending an average of \$226 per year on mileage compared to a \$78 per year average for members of the 27-man Board.

The cost of office supplies tripled under the smaller Board. The five men spent \$176 compared to \$54 in supply costs run up by the old Board.

The new officials also spent nearly twice as much on telephone and telegram use during the past year.

**Over Budget**

Conventions was one of the over-spending highlights for the 1969 Delta County Board of Supervisors. The Board was appropriated \$500, but by the time the year ended it had spent a grand total of \$1,826. That's \$1,300 over budget.

The previous Board, larger by 22 men, spent \$1,256 less on conventions than the new Board during its last year in office.

The cost of advertising went up to a record high of \$2,128, mainly because of an increase in the amount of meetings held.

The five-man Board needed more secretarial help than its 27-man predecessor, and this extra help cost over \$300 more. During 1969, \$3,033 was paid out for a secretary to the Board.

All in all, the new Board spent a total of \$19,841 compared to the old Board expenditure of \$18,015 the previous year. That comes to \$1,826 more dollars spent by 22 less men.

DeForest J. Coyle

# Coyle Receives P&H Promotion

Appointment of DeForest J. Coyle as superintendent of welding and structural processing at the Harnischfeger Corp. Construction Equipment Plant in Escanaba was announced today by James A. Mezera, vice president, Construction and Mining Products.

Coyle succeeds Robert D. Myers, who has been filling the post on a temporary assignment. Myers will resume his duties as Chief Welding Engineer for the corporation and will be headquartered in Escanaba for the next several months.

Coyle has been plant manager of Harnischfeger's Cudahy, Wis., Industrial Products Plant since Jan., 1969.

A 33-year-old Harnischfeger employee, Coyle began as an electric welder at Milwaukee. During the course of his P&H career he also served as welding department foreman at Escanaba until he was transferred to the company's Los Angeles Plant in 1958 as manager of shop and service operations.

He became plant manager of that industrial products facility before moving to Cudahy.

# Counties Get State Funds

LANSING (AP) — Michigan counties got a windfall of \$53.9 million in fiscal year 1969, the first time disbursements were made for a completely yearly collection of the state income tax. The average per capita return was \$6.92.

Those figures are contained in a preliminary report issued by the State Treasury Department for the fiscal year ending last June 30. An accounting of sales taxes paid to the state school aid fund, motor vehicle license fees and gasoline taxes distributed by the State Highway Department would be made later, according to Clarence W. Lock state revenue commissioner.

**Four Payments**

Michigan residents began paying a 2.6-per-cent state income tax on Oct. 1, 1967, and a 5.6-per-cent corporation assessment rate went into effect on Jan. 1, 1968. The last fiscal year began July 1, 1968.

Under the new collection and distribution program, Michigan's 83 county treasurers now receive four annual payments amounting to 17 per cent of the total tax collected on personal income. They keep half for county use, return the rest to cities, townships and villages based on population percentages.

Thus, county-level payments out of the fund ranged from a high of \$18.4 million for Wayne County to a low of \$16,725 paid to Keweenaw County far to the north in the Upper Peninsula.

Delta County received about \$397,822, according to Mrs. Myrtle Ottensman, county treasurer. She said the total includes actual funds received for the first three quarters and an estimate for the fourth quarter, which has not been distributed.

When added to two other rebated taxes — the 3½-per-cent intangibles tax on bank deposits the 4-per-cent state sales tax — total returns to local governments amounted to \$152.6 million.

The intangibles tax rebate, set by statute, was \$9.5 million or \$1.22 per capita. The sales tax fund paid back \$89.2 million, or \$11.44 per capita.

**Receipts Gain**

The state's total cash position in the fiscal year just ended increased by roughly 50 per cent compared with the previous year, 1967-68; it rose by almost 100 per cent since the start of the decade.

Receipts as of June 30 totaled \$3.09 billion or \$921.3 million more than the previous year. Payments rose from \$2.5 billion to \$2.9 billion, or some \$471.7 million.

The Treasury Department said it invested a total of \$1.12 billion in treasury notes, municipal bonds, real estate mortgages and commercial corporations. Returns went to retirement funds for state civil service and public school employees, veterans, legislators, State Police and judges.

The state accident fund claimed \$35.8 million in capital investment.

The department's cash flow remained solvent most of the year except for August, December, February and June. The account dipped into the red because massive state school aid payments had to be delivered to some 600 school districts throughout the state on those months.

# Eastern U.S. In Path Of Snowstorm

By The Associated Press

A major winter storm slapped portions of the Eastern seaboard with heavy snow and wind today while an arctic cold snap broke out of the midcontinent and descended on the Deep South.

Heavy snow warnings remained in effect at 8 a.m. only for eastern New England. Snow or travelers warnings had been in effect through the night for 12 states from the western Carolinas to New York and southern New England, but were canceled after dawn.

Gale warnings flew along much of the coast from North Carolina to Maine.

# Isabella Birthday Party

Chris Pilon celebrated her fourth birthday at the home of her grandparents, Mr. and Mrs. Albert Pilon recently. A pink and white decorated cake centered the dinner table. Attending were LaVerda, Wallace, Willie, Rose Ann, Anna Marie and Ronnie Nelson, Billy, Mary Jane and Jill Pilon, Dick Pilon and John Pilon.

Mr. and Mrs. Albert Watchorn have received word of the death of Mrs. Otto (Ethel) Norlin of Stalwart, Mich. Mrs. Norlin was a frequent visitor to the Isabella area.

Mr. and Mrs. George Johnson visited over the weekend at the home of their daughter and son-in-law, Mr. and Mrs. Richard Tatrow in Lower Michigan.

**Dinner Guests**

Dinner guests at the home of Mr. and Mrs. Albert Pilon on Sunday were Mr. and Mrs. William Turan and Oliver Turan Jr., of Rapid River, the Rev. Joseph Gouin of Norway and Mr. and Mrs. Joseph Gouin of Escanaba.

**Ladies Fellowship**

Mrs. Charles Blowers will serve as hostess to the Isabella Congregational Ladies Fellowship on Jan. 17 at 1:30 p.m.

# Asked Officials To Cooperate, Daley Claims

CHICAGO (AP) — Mayor Richard J. Daley has testified he urged city officials to cooperate with antiwar groups during the Democratic National Convention in 1968.

But the long awaited appearance of the mayor Tuesday at the trial of seven men accused of riot conspiracy during the convention was upstaged by a fracas between spectators and marshals at the back of the courtroom and continual legal infighting between Judge Julius J. Hoffman and defense lawyers.

The defendants summoned the mayor in an attempt to show that Daley was responsible for the violent street disorders during the week of the convention.

But in the two hours that Daley was questioned by defense attorney William M. Kunstler, Judge Hoffman sustained 75 objections by Thomas A. Foran, the U.S. district attorney.

Kunstler twice asked that Daley be declared a hostile witness so he could be questioned in cross-examination style, but Judge Hoffman denied each motion. He said the mayor was "very friendly and acted in a gentlemanly manner."

Regarding his instructions concerning antiwar groups, Daley testified he issued orders to all city department heads to cooperate in every way with groups wishing permits to march or to sleep in Lincoln Park.

# Famed Lawyer Attracts Few

PONTIAC (AP) — One of the nation's best-known criminal lawyers, F. Lee Bailey, appeared in Pontiac District Court Tuesday, but attracted little public interest.

The pretrial on perjury charges hearing for self-proclaimed Mafia informer Peter Lazaros was moved from the district courtroom to the much larger City Commission chambers in anticipation of a large audience, but only about 30 spectators and newsmen turned up.

Visiting Judge Richard Dunn of Dearborn Heights ordered Lazaros held for trial on the charge that he lied when he told a grand jury that he gave former Oakland County Prosecutor S. Jerome Bronson a \$1,000 payoff.

Bronson, now a judge on the State Court of Appeals, provided the highlight of the hearing when he testified that he had never met Lazaros.

One spectator who was interested enough in seeing Bailey to attend the hearing was Branch County Prosecutor Richard Baker. Baker, who says he has followed Bailey's career closely, closed his one-man office in Coldwater to go to Pontiac.

# Harvey Suggests Skating Rink At Gladstone Site

Efforts to obtain participating funding for an indoor skating rink in Escanaba appears to have failed, and City Manager George Harvey is suggesting that such a facility might be incorporated in planning for the National Guard armory at Gladstone.

No doubt the suggestion, made by Harvey in his news letter to the Escanaba City Council, will be considered by the Escanaba Recreation Board when it meets in special session at 2 p.m. Saturday in the Civic Center.

The purpose of the meeting, said Harvey, is to discuss a promotion for fund raising and to publicize the need for an indoor rink.

Harvey said that in discussing the subject with Paul Vardigan, Escanaba city recreation director and other interested people, all of the efforts to obtain state fund participation for an indoor rink at the U. P. State Fairgrounds were reviewed. Efforts have also been made to obtain federal funds.

"It appears to me at this time that all of this has been for naught, and certainly, nothing in my opinion will come in the very near future because there are more pressing problems on the State level that need financial assistance such as education, so I would assume that such a structure as we seek would be rather low on the priority totem pole; however, there seems to be, in my mind, a faint hope of accomplishment and I have not approached anybody involved but would believe that they would be in accord with such a suggestion," Harvey said.

"Inasmuch as an armory is ready to be constructed in Gladstone, the thought occurred to me that such a structure therein could serve the people of the area. Admittedly, Gladstone would have to want this as part of the armory and certainly, the County Board of Supervisors would have to support such a venture."

"The location in Gladstone might make such an indoor rink more centrally located for all county people and could be utilized by all citizens," Harvey continued.

Representatives of Gladstone will be contacted in advance of the Saturday meeting of the Escanaba Recreation Board, Harvey added.

# Freuhauf Cited For Violations

DETROIT (AP)—The strike-bound Freuhauf Corp. of Detroit was cited with two alleged violations of state labor law in warrants recommended Tuesday by Assistant Wayne County Prosecutor Jay Nolan.

The warrants accuse the firm of advertising for employees on two occasions without mentioning in the ads that some employees were on strike.

The warrants, recommended on a complaint by United Auto Workers Union regional director Ken Morris, name only the corporation as defendant. The firm will be arraigned Jan. 19 on the charges.

Some 300 UAW members, who work as office and technical employees, have been on strike against Freuhauf since Nov. 19.

# Obituary

**C. GORDON FORSYTH**

Complete funeral services for C. Gordon Forsyth were held at 10 a.m. today at the Alto Funeral Home Chapel with the Rev. Norman Clisch officiating. Burial was in Holy Cross Cemetery.

**MRS. ROSE DONOVAN**

Complete funeral services for Mrs. Rose Donovan were held at 1 p.m. today at the Alto Funeral Home Chapel with the Rev. Charles J. Carmody officiating. Burial was in Holy Cross Cemetery.

Capitol observers believe the GOP chances for winning the job now held by Democratic top vote-getter James M. Hare increased considerably when the Secretary of State announced he would not run again.

Lockwood showed recent indications of a lack of interest in a new Senate term. He said he had been in the Senate "long enough" and added that he had been discussing the possibility of a post in Washington with acquaintances in the nation's capital.

# Milliken To Attend State Press Confab

EAST LANSING (AP) — Gov. William Milliken and Michigan State University President Clifton Wharton top an official-student lineup scheduled to appear at the 102nd Michigan Press Association Conference later this month.

The conference, set for the MSU campus Jan. 30-31, deals with "Newspapering in the 1970s." Some 700 daily and weekly newspaper editors and their wives are expected to attend.

First on the agenda is "The State in Review," featuring reports from State Corrections Director Gus Harrison; Dr. John Porter, state superintendent of public instruction; Social Services Director R. Bernard Houston; and U.S. Rep. Martha Griffiths, D-Detroit.

Wharton, the first Negro to become president of a major U. S. university that is predominantly white, will discuss his aims and views at a Friday dinner session.

Also scheduled for Friday night is Jack Anderson, the syndicated columnist who took over for the late Drew Pearson. Anderson will talk about "the ancient art of muckraking."

Ernest A. Jones, chairman of MacManus, John & Adams Advertising agency, will discuss "Ad Problems Today" at the Saturday luncheon, while Milliken is expected to deliver what is billed as a "miniature state of the state" message at dinner.

Also highlighting the evening activities will be a performance by stars from Motown, the Detroit recording company that rocketed to international fame with the Supremes and other singing groups.

Women attending the conference will be invited to the governor's Lansing residence for a Friday tea with Mrs. Helen Milliken. They also can expect to hear a report on Hollywood and Broadway personalities by Detroit Free Press Critic Shirley Eder.

Other features of the conference will be morning trade sessions on layout, advertising layout, typography and photography, as well as a display of new equipment and services.

## Inside The High-Rise

THE HIGH-RISE TOWER apartment building for elderly Escanaba area residents of low income is rapidly being enclosed as the project proceeds on schedule. This interior view, photographed by Bernie Schultz of the Daily Press, looks toward the outside wall and the window in the living room of one of the apartments. Each apartment has 430 square feet of floor space. (Daily Press Photos)

PARTITIONS OF STEEL and walls of masonry contribute to the fire-safe construction of the 18-story tower in the 500 block of Ludington St. Each apartment will have a bedroom, living room, bath, dining area and kitchen. Construction is to be completed next summer. Persons who qualify as tenants will pay between \$40 and \$50 a month.

## All Trout Lakes Closed By DNR To Ice Fishing

In past years certain of designated trout lakes were open to limited winter fishing. This will not be true in 1970 and all lakes listed as trout lakes in the Fish Law Digest in the Delta-Alger-Marquette county area are now closed, the Department of Natural Resources said today.

Non-trout lakes, however, which do have a trout population are open year-round to fishing for these species, as are the Great Lakes.

All ice fishermen are warned to check ice carefully before walking on it. Snowmobile and auto travel still may be unwise in certain areas. Heavy snow covered most lakes before safe ice developed. This may mean that dangerously thin ice is covered with deep snow and thus invisible. In addition, the snow acts as an insulator, slowing the thickening of the ice.

Most waters of the state opened Jan. 1 for spearing thru the ice for certain species. Consult current Fish Law Digest in this regard.

Upper Bay de Noc above Gladstone is open to spearing thru February and the shoal waters should produce some good northern spearing. Last summer saw many large northern taken by hook and line and spearing should be equally productive.

Perch fishing has been spotted in this area. However, a few are showing up. At present there are some 40-50 shanties on the ice. No auto travel has been attempted yet, and access is by foot or snowmobile.

Elsewhere in the Delta-Marquette-Alger county area, activity is on the light side. It is expected that it will increase now that the holiday period is over.

Big Shag Lake in the Gwinn area has been good for perch using ice flies, minnows and wigglers, as in Little Shag Lake in the same area for bluegills. Fair fishing for rainbow on Johnson Lake (a non-trout lake open to winter fishing) using wigglers or corn in early morning and evening hours. This latter lake is also in the Gwinn area.

## Detroit's New Mayor On Job

DETROIT (AP) — Roman S. Gribbs was inaugurated as Detroit's new mayor Tuesday and expressed hopes that the anxieties plaguing the city can be channeled to make it a better place to live.

The deep concern generated by the anxieties "can actually be conducive to community improvement if the intensity of feeling is properly channeled," said the 44-year-old former Wayne County sheriff after being sworn in as the city's 57th mayor.

In his inaugural address Gribbs said the people "have made it clear to me that they are absolutely unwilling to accept a continuation" of conditions where it is unsafe to walk the streets, where racial tension and polarization flourish and where deteriorating neighborhoods lead to an exodus of people and businesses from the city. The swearing in ceremonies, held at Detroit's Ford Auditorium, also featured the inauguration of six incumbent and three new Common Council members, of the city clerk and city treasurer. Mel Ravitz became president of the council, succeeding the retired Ed Carey.

Outgoing Mayor Jerome P. Cavanagh did not attend the ceremonies. He left Detroit earlier in the day to attend a meeting of the Urban Coalition.

## Delta Airlines Given Route OK

WASHINGTON (AP) — The Civil Aeronautics Board ruled Tuesday that Delta Air Lines may start providing nonstop service between Birmingham, Ala., and Cincinnati, Ohio and Detroit Jan. 16.

Delta plans a daily nonstop round trip between Detroit and Birmingham, a daily round trip between those cities by way of Cincinnati, and six round trips a week nonstop between Cincinnati and Birmingham.

All of the flights will start and end at New Orleans. They will permit passengers to avoid having to make connections at the congested Atlanta airport.

showed that to achieve a minimum goal of \$10,000 or more earnings to management and labor, a dairyman would need a minimum of 40 or more cows," he said.

## Social Security Increases Due On April Checks

Social security beneficiaries need not apply for the 15 per cent benefit increase just signed into law by President Nixon.

"Every one of the 25 million men, women and children now on the benefit rolls will receive the increase automatically," Robert M. Ball, Commissioner of Social Security, said today.

The first regular check in the new amount," Ball said, "will arrive April 3, the usual day for delivery of benefit checks covering payments for the month of March." A separate check in the amount of the benefit increase for the months of January and February will reach beneficiaries later in April, probably during the week of April 20.

The Menominee County Library Bookmobile will make the following tours: Monday, Jan. 12—Turner's, Fairland Park, Barley, Little River; Tuesday, Jan. 13—Carney School; Wednesday, Jan. 14—Roubal's, Evergreen Road, Willow Road, Mark's Cabins; Thursday, Jan. 15—Daggett School; Friday, Jan. 16—Perronville, M-569.

The City Recreation Dept. announced today that the Danforth Ski Hill will be open from 7 to 9:30 tonight and that the Royce Park and Webster School ice skating rinks will be open from 6:30 to 9:30 every evening and from 1:30 to 4:30 Saturday and Sunday afternoons. Evening hours for children at the skating rinks are 6:30 to 8 and for teenagers and adults from 8 to 9:30.

The Escanaba Planning Commission will meet at 7 p. m. Thursday, Jan. 8, in the Civic Center. An informal hearing will be held on a preliminary plat for Goulais Subdivision No. 2 that includes multi-family housing; discussion will be held on including underground utilities in future plats; and the assignment of city owned lands for future housing development will be considered.

Robert Constantineau, field service officer, Disabled American Veterans, will be at the Bonifas Civic Center on Thursday, Jan. 8, from 9 to 11 a. m. He will give aid and assistance to any veteran in the area. The veteran need not be disabled to qualify. The Board of Trustees of the Michigan Veterans Trust Fund recently reappointed Constantineau to continue serving on the Delta County Veterans Trust Fund Committee as the DAV representative for a term ending Dec. 31, 1972.

## Winter Best Time For Remembering

By HAL BOYLE  
NEW YORK (AP) — Winter is the best season for remembering.

Awake or asleep, at any time of the year, man spends a large portion of his time thinking or dreaming about his past.

But in winter, when the storm winds howl like banshees and icicles crackle on the trees, it is particularly pleasant to stay at home and recollect in reverie the bygone days, warmed by the bonfire of dear remembrance.

You've survived a lot of winters—and enjoyed a lot of summers—if you can look back and remember when—

Kids actually did throw snowballs at dignified men in tall hats.

You could guess how cold it had been on winter nights by how far the frozen cream rose out of the bottle the milkman had left on the front porch.

On frigid mornings the youngsters, clad in itchy longjohns, got goose pimples as they

scampered downstairs from their beds to warm their backsides around a coal stove.

Bread browned in an oven tasted far better than anything produced in later years by an electric toaster. Oven toast seemed more flavored by love.

Rich kids with runny noses wiped them with a handkerchief; poor kids used the sleeves of their sweaters.

Out on the farm one of the most imperative duties after a heavy snowfall was to shovel a path to the outhouse. Even grandpa was willing to pitch in on that chore.

It wasn't necessary to take sitting up exercises to stay in shape. Cranking a car to start a balky engine on a day when the temperature hovered around zero gave any man enough exercise to start a sweat.

Children pleaded with their fathers not to put the family dog out on a freezing night. "Please, Papa, if you won't let him sleep with me, can't he just stay in the kitchen?"

Winter was a great time for home entertainment in rural areas. Mother darned socks by the lamplight while sister read her the bargains in the mail order catalogue; the children popped corn in the fireplace; Dad chewed a pencil as he composed a letter to his congressman asking for packets of free government seeds.

There was no plumber to call if the pump on the backyard well froze up. Farm wives tried to melt it with boiling water made from melted snow heated on the kitchen stove.

Lovers skated together on icy ponds and somehow their clasped hands didn't really need knitted mittens to stay warm.

Those were the winters of yesterday. Remember?

## Abortion Ring Broken Up; Two Caught In Trap

DETROIT (AP)—A suburban Detroit doctor and his wife were arrested and a warrant has been issued for a prominent Chicago clergyman in what police say is an international abortion ring.

Dr. Jesse Ketchum, 52, and his 23-year-old wife, Judith, of Pleasant Ridge, were arrested on warrants charging them with conspiracy to commit abortion.

Rabbi Max D. Tickton, director of the B'nai B'rith Hillel Society at the University of Chicago was named in a warrant on the same offense. Tickton is touring Israel with a group of rabbis and has not been arrested.

Authorities said Ketchum was arrested Monday night at the Northland Inn in suburban Southfield after he had gone there with a female State Police undercover agent and a state trooper posing as her boyfriend.

After the arrest, police searched Ketchum's home and seized records and about \$150,000 in cash.

Oakland County Prosecutor Thomas Plunkett said the three were part of an abortion ring which he believes involves contacts in London and Puerto Rico. He said he did not know whether there would be additional warrants issued.

Plunkett said Tickton, who has headed the Jewish student group at Chicago since 1964, apparently acted as "referral agent" for the alleged abortion ring.

## Two Deny Selling U.S. Bad Bullets

CLEVELAND, Ohio (AP) — Two Michigan men, former officers of the Shelby Corp., a munitions firm in Shelby, Ohio, pleaded innocent Tuesday in U.S. District Court here to charges of selling defective carbine cartridge clips to the U.S. Army.

Asst. U.S. Atty. Robert W. Jones said Carl H. Olson, 50, was president of the firm and Lawrence Hansen, 44, vice president in charge of manufacturing when the munitions were shipped last July.

They were indicted in December by a federal grand jury on charges of conspiring to defraud the federal government by selling the Army 30-caliber carbine cartridge clips knowing they had already been rejected as defective.

No trial date was set. The men were released on \$5,000 personal bond.

## Proposed Public Sale

Notice is hereby given that the City of Escanaba will sell to the highest bidder the following described property.

### DESCRIPTION:

That part of the NE 1/4 of the SW 1/4 of Section 25, T 39 N, R 23 W, lying in the City of Escanaba, Delta County, Michigan, described as follows:

Commencing at the NE corner of said SW 1/4, thence South 0 degrees 30' West along the East line of said SW 1/4 313.23 feet to the South line of Highway US 2 & 41, thence North 89 degrees 58' West along the South line of said Highway US 2 & 41 93.82 feet to the point of beginning; thence continuing North 89 degrees 58' West along the South line of said Highway US 2 & 41 1120 feet, thence South 0 degrees 2' West 617.50 feet, thence South 89° 58' East 764.44 feet, thence North 29° 58' East 712.55 feet to the point of beginning.

Said parcel contains approximately 13.36 Acres.  
(This property is zoned as light manufacturing and residential)

Sealed bids for the purchase of above described lands will be accepted by the undersigned at the office of the City Clerk on or before 4:00 P.M. EST, on February 5, 1970.

All bids will be publicly opened and read aloud at 8:00 P.M. EST, on February 5, 1970, in the main meeting room of the Catherine Bonifas Civic Center.

The minimum bid that will be accepted will be \$65,000 which is in accord with the appraised value of the land.

Each bidder shall enclose with his bid a certified check in an amount equal to twenty (20) per cent of the bid to show good faith and performance of the bidder.

The successful bidder shall immediately place the balance of bid in an escrow account in a local bank and shall exercise his right to purchase within 30 days of notification of acceptance by the City Council.

Each bidder shall submit with his bid a proposed site development plan including buildings to be erected on this site as a part of the consideration for the approval of the sale of this property by the Escanaba City Council.

In the event the successful bidder does not commence construction of the building or buildings as shown on the site development plans upon the land described within a period of six (6) months from the date of the deed, conveyance shall be null and void, and the City will retain the bid deposit in the absence of performance and the City will return the balance to the purchaser.

The City of Escanaba reserves the right to reject any or all bids and to waive any irregularities in the bids.

Deed of conveyance from City will be subject to:

1. Exceptions or reservations contained in prior deeds of record.
2. Construction described in site development plan to commence not later than six (6) months from the date of deed. In the event purchaser fails to perform in accordance herewith the City shall retain the bid deposit of 20 per cent at no interest cost and the City will return the balance of purchase price without accrued interest.
3. Successful bidder to assume cost of extension of all utilities to City's specifications.

DISASTER AREA — Waist-deep in snow, a motorist tries to clear his car out of a snow drift in Warren, Vt. after a record-breaking storm battered New England, leaving up to 45 inches of snow in its wake. Gov. Deane Davis declared state of Vermont a disaster area.

## Mead's Pulpwood Needs To Change U.P. Forestry

Escanaba Paper Co.'s wood needs for the kraft pulp mill it plans to start building this year will change commercial forestry in most of the Upper Peninsula, Company Foresters said today.

The increased cutting of pulpwood to supply 10 times the wood that now goes to the Escanaba mill will go a long way toward solving the Upper Peninsula's problem of timber surplus, they say. The area's federal forests have never been able to market all their allowable cut and this is also true of the state's forests.

Government forests and those of private owners, Mead woodlands and other industrial forests of the Upper Peninsula all figure in the company's plan for wood supply.

The Upper Peninsula now harvests over 500,000 cords of pulpwood a year, sending most of it to Wisconsin for manufacture.

**Need 330,000 Cords**

The new Escanaba mill will require an additional 330,000 cords on top of the 35,000 cords which it is now buying. The effects of this big increase in the wood market, say Mead foresters, will be felt across most of the Upper Peninsula.

"To get this volume of wood," said Lynn Sandberg, general manager of Mead Wood-Lands in Upper Michigan, "we're going to need the aid of a lot of wood producers and we don't expect to get them unless they can do well at it."

"There is a surplus of 1.5 million cords of wood going to waste in Upper Peninsula forests every year," Sandberg said. "There need be no public fear about over-cutting. Our mill is a permanent venture and we have a vital interest in seeing that its wood supply is perpetuated."

**Not Only Pulpwood**

"Mead forest operations will not be limited to pulpwoods," Sandberg continued. "Our northern forests produce many species of trees in varying quantities and volumes and we will send wood to the mills that can make the best use of it."

"A sawmill cannot log a stand that produces only a few logs per acre, but with pulping of the rest of the stand we can afford to take out the sawlogs in the general harvest. This process is going to generate 10 million board feet of sawlogs and veneer logs and other forest products from pulping operations that is not being generated today. It will be a source of much wood for other forest industries of the Upper Peninsula."

**Little Guy, Too**

Where are the loggers coming from?

"We are going to encourage the logger who wants to grow," said Richard C. Hammer-schmidt, manager of wood procurement for Mead in Northern Michigan. "Some Upper Peninsula pulpwood producers now produce as little as 10 cords of wood annually, with a few producing as much as 10,000 to 15,000 cords, plus some other forest products."

"The workmen's compensation laws, the need for accounting, our mill needs and the high capital cost of machinery for logging point towards a certain dependence upon some big producers. However, this doesn't mean that the little producer is out of business or out of our plans. He can continue as is or he may decide to pool his efforts with those of a larger operation."

Mead's wood procurement program is establishing wood concentration yards across the Upper Peninsula. Tentatively these are set for L'Anse, Champion, Gulliver, Shingleton, Newberry and Trout Lake.

Construction of the kraft pulp mill is scheduled to begin this year with mill start-up planned for late 1971. Wood procurement for its use will start in advance of start-up time to assure ample supply.

**Decline Noted In Sales Of VWs**

DETROIT (AP)—Sales of the leading imported car — Volkswagen—reflected the auto industry's over-all decline during 1969.

Volkswagen reported Tuesday that it sold 551,379 new cars in the United States during the year, compared with sales of 569,292 in 1968. This was a decline of about 3.2 per cent.

Volkswagen sales rank fourth in the nation, trailing only the automotive Big Three—General Motors, Ford and Chrysler.

## 3 Auto Firms Report Decline In 1970 Sales

DETROIT (AP)—Three of the nation's four major automakers reported Tuesday that new car sales declined last year compared with 1968.

Total industry sales for calendar-year 1969 were 8,464,375, off about 1.8 per cent from the 8,624,819 reported for the previous year. Sales in 1968 were the second best in industry history, topped only by the 8,763,219 sales recorded in 1965.

Ford Motor Company, the only automaker to report a gain, sold 2,332,104 cars last year, up about .82 per cent from its 1968 sales of 2,313,208.

The industry giant — General Motors—reported selling 4,439,475 new cars, off slightly from its 1968 total of 4,483,302.

Chrysler Corporation reported 1969 sales of 1,453,248, down about 6.8 per cent from its 1968 total of 1,559,975.

American Motors, shut down for five weeks by a United Auto Workers Union strike, was hardest hit in terms of percentage sales. AMC suffered a decline of more than 11 per cent, with 1969 sales reported at 239,548, compared with 269,334 in 1968.

For the month of December, the auto companies reported the following sales figures (1969 listed first):

General Motors, 323,761 and 367,553; Ford, 177,503 and 169,937; Chrysler, 118,317 and 118,133; American Motors, 19,027 and 23,087.

For the last 10 days of the month, which included eight selling days, the figures were:

General Motors, 102,820 and 113,183; Ford, 46,860 and 50,213; Chrysler, 44,741 and 39,273; American Motors, 8,117 and 11,209.

## Bogus U.S. Money Ring Broken Up; 5 Italians Held

PALMERMO, Sicily (AP) — Five Italians, including two being held in Detroit, have been charged with circulating counterfeit American money in Italy.

Police say their investigations have shown that a vast amount of fake \$20 bills was smuggled into Italy, hidden in a secret compartment of a U.S. car shipped to Naples, according to police.

Later, the bills were spread throughout Italy, Switzerland and Germany, investigators say, with up to \$100,000 unloaded in Italy alone.

Those charged were: Corrado Geloso, 64, Giacomina Lo Piccolo, 55, Diego di Trapani, 33, of Cinisi, Sicily; and Pietro de Lorenzo, 53, and his nephew, Vincenzo Mazzola, 34, formerly of Alcamo, Sicily, presently residents of Detroit. Di Lorenzo and Mazzola are in a Detroit jail and the others are being held in Sicily, authorities said.

The other members of the band arranged to stay overnight in Buffalo. The group was traveling in a van-type truck from Toronto to Boston, police said.

**Classified Ads Cost Little, But Do A Big Job!**

## State Musician Faces Dope Rap

BUFFALO, N. Y. (AP)—Fred-erick J. Wright, 22, of Detroit, Michigan, a musician with the B. B. King Blues Band, was arrested on a drug charge Tuesday night as he and other band members crossed the Peace Bridge from Canada.

Police said they arrested Wright after U. S. Customs inspectors reported finding a marijuana cigarette, six LSD tablets and stimulant rugs in his shaving kit.

Wright was booked on a charge of possessing a dangerous drug and lodged overnight in the Erie County jail to await city court arraignment Wednesday.

The other members of the band arranged to stay overnight in Buffalo. The group was traveling in a van-type truck from Toronto to Boston, police said.

PERCY MURDER CONFESSION REPORTED — Authorities in Norristown, Pa., say a man named Harold Evans left told them his friend, Frederick Malchow (right) told him he killed Valerie Percy, daughter of Illinois Sen. Charles Percy, in 1966. Malchow was killed in a jail break.

## Tourist Council Dollars Do Job

LANSING (AP)—The Michigan Tourist Council claims "enormous returns" for every dollar it spends boosting the state as a vacationland.

Council Director William McGraw says a marketing study of advertising effectiveness shows an investment of \$12,863 in tourist promotion in Columbus, Ohio, brought in more than

\$227,400 in "measurable spending" by nonresident visitors to Michigan last summer.

"This is a return of more than \$17 for each advertising dollar we invested," McGraw figures. "That kind of dividend demonstrates the benefits of our Michigan tourism promotion."

The study was conducted in three phases, McGraw explains, measuring the public's awareness to Michigan advertising prior to a two-week localized impact advertising program last April, awareness during the program and awareness when it ended.

The advertising, aimed at motivating people to inquire for further information on Michigan tourism, prompted 1,335 queries, McGraw reports.

Follow-up on each inquiry by questionnaire showed that 60.7 per cent of the people who were prompted to inquire by advertising actually vacationed in Michigan.

"As dramatic as the returns appear to be," McGraw contends, "this is a most conservative figure. Many more people in the area who were reached by the advertising did not inquire, but vacationed in Michigan on the strength of the advertising message alone."

McGraw says that additional information produced by the survey revealed that more than 80 per cent of the people who vacation in Michigan from out of state are influenced by Michigan literature when they're picking a vacation spot.

## Big Wage Hike By Teamsters Seen Harmful

WASHINGTON (AP) — The giant Teamsters Union touched off a major labor battle with the trucking industry today by demanding a 45 per cent wage hike over three years for 450,000 workers.

Union and industry sources confirmed Tuesday the Teamsters will ask a three-year pact raising pay by \$1 an hour this year and 75 cents an hour each in 1971 and 1972, plus an estimated \$1.50 an hour in other benefits.

The wage demands alone would amount to 45 per cent of the current average pay of the 450,000 truck drivers—both local city and long haul drivers. Local drivers, who make up the bulk of the Teamsters, are currently paid \$4 an hour while long haul drivers receive between \$6 and \$7 an hour.

Industry sources predicted trucking firms will be in an even tougher mood to resist the union demands than they were three years ago when the industry conducted a three-day nationwide lockout in response to a rash of small Teamsters strikes.

"We don't mind shutting down," one trucking source said. "We couldn't afford to do anything else," he added, unless the union substantially lowers its demands.

Frank E. Fitzsimmons, acting Teamsters president in the absence of the imprisoned union President James R. Hoffa, will formally serve the demands Wednesday on Trucking Employers Inc., representing some 12,000 firms that do about 65 per cent of the nation's trucking business. The negotiations usually set a pattern for the rest of the industry.

Contracts expire March 31. The Teamsters' wage demands averaging 15 per cent a year compare with a national average of 8 per cent negotiated for workers in all major industries in 1969.

## Ex-Chrysler Aide Drops Lawsuits

DETROIT (AP) — A former president of the Chrysler Corp., William Newberg, has agreed to drop two lawsuits involving the automaker in exchange for \$85,000.

At the same time, Chrysler agreed to drop a complaint against Newberg.

The out-of-court settlement climaxed nine years of legal maneuvering in which the 59-year-old Newberg attempted to clear his name.

Newberg had been president of Chrysler for only nine weeks when he was fired in June 1960 for holding interests in companies that supplied parts to the auto firm. At the time, he agreed to pay back \$450,000 as restitution to Chrysler.

Commenting on the settlement, Newberg said Tuesday: "It was a difficult decision to arrive at, but we had to weigh all the factors."

# Gold Cup Transferred To Rapid River Race

GLADSTONE—The International Gold Cup snowmobile race trophy, a four-foot tall piece of hardware donated to the Gold Cup snowmobile program last year at Gladstone by Mrs. Joseph Bergeron, moved about seven miles north to Rapid River Monday night.

The trophy presented by the Gladstone Yacht Club, sponsors of the 1969 Gold Cup race at Gladstone, to officials of the Rapid River Snowmobile Derby for the 1970 event scheduled Jan. 31 and Feb. 1 at Rapid River.

Gladstone is not sponsoring a race this year.

Commodore Marvin Johnson of the Gladstone Yacht Club said on behalf of the club that "it has been an honor to have the trophy for the past year and a half. We wish the Rapid River races the best of luck this year."

Johnson said the Gladstone Yacht Club discontinued sponsorship of a snowmobile race because the club is a yacht club and should be promoting yachting during the summer.

Five Share  
Last year, the trophy which Mrs. Bergeron donated as a memorial to her late husband who was a leader in snowmobile racing activity in the area, was shared by five drivers after two days of racing at Gladstone.

Rapid River snowmobile officials were unsure today, however, whether or not the International Gold Cup designation could be applied to the race program this year at Rapid River.

Peter Brock, chairman of the program for the sponsoring Rapid River Parent-Teacher Club, said the racing events have been sanctioned by the United States Snowmobile Association under a different name and he did not know if a change in the name of the race could be made in the short time remaining before the competition.

He indicated that in future years the International Gold Cup name would be applied.

Drag Races Set

The Rapid River races will feature both cross country and drag competition Saturday, Jan. 31, with oval racing scheduled Sunday, Feb. 1. In addition, junior and powder puff competition is planned and a "safari" of snowmobiles from Rapid River to the Dutch Mill is included in the schedule for Saturday night.

If maximum entries are received in all racing divisions, race officials indicated that the total prize fund would be \$3,000. No special monetary award is planned this year for the overall grand champion, however.

Brock said the cross country course is being shorted from 22 miles to 15 miles to allow drivers to complete the cross country competition and enter drag races.

Entries are being accepted and applications are available from Brock at Post Office Box 182, Rapid River 48978.

## B. J. Graham Dies Tuesday In E. Lansing

B. J. Graham, 50, of 2447 Lake Lansing Road, East Lansing died Tuesday noon at the Lansing General Hospital. He had been in ill health for a few days.

He was born Jan. 17, 1920 and is survived by his widow, the former Jane Levesque; one son, Jeffrey and two daughters, Barbara and Jacqueline, all at home; his parents, Mr. and Mrs. Benjamin Graham of Williamsport, Mich., and three brothers, Willard, William and Thomas.

Funeral services will be conducted at 11 a.m. Friday at the St. Thomas Aquinas Church in E. Lansing. Leaving today to attend the funeral services were Mr. and Mrs. Dan Levesque of Bark River, Mr. and Mrs. James Levesque of Menominee and Mr. and Mrs. Rudy Gafner and children of Escanaba.

## Curtis

Jim Lowery visited relatives here for a few days before returning to Belding.

Charles and Rodney Cole and Beth Harris of Belding visited at the home of Mr. and Mrs. Jack Hartwick and family recently.

Mrs. Violet Osterhout has returned to her home from St. Luke's Hospital where she recently had surgery.

Ronald Tuttle of Clio spent the holidays visiting at the home of his parents, Mr. and Mrs. Alfred Tuttle and other relatives in this area.

Mrs. Margaret Locher has returned to her home from the University Hospital at Ann Arbor, where she was a patient.

PETER BROCK, chairman of the Rapid River snowmobile races sponsored by the Rapid River Parent-Teacher Club, accepts the International Gold Cup from Marvin Johnson, commodore of the Gladstone Yacht Club, at a meeting Monday night at the Gladstone Yacht Club. (Daily Press Photo)

## Airport Needs Will Be Studied

LANSING (AP) — The Michigan Aeronautics Commission has set up a new long-range planning section — billed as the first such unit in the nation — to delve into airport needs through the year 2,000.

Commission director James D. Ramsey said Michigan was the first state to establish such a planning unit within its aviation agency.

The planning section's first assignment is development of the initial five-year phase of a long-range state airport plan, Ramsey said. Deadline for that report is July 1.

"When the first five-year phase is completed, the planning section will conduct a long-range aviation needs study to establish priorities for airport development to the year 2,000," he said.

Chief engineer L.C. Andrews said the commission has tried to plan airports on a statewide basis since it began work 40 years ago.

"But in the past our planning was done on a year-to-year basis," Andrews said. "The growth of aviation in recent years and projections for the future make it essential that we now develop a long-range comprehensive airport system plan for the state."

# Values Of Tourism Reported By USFS

People are coming to the Upper Peninsula in increasingly greater numbers to enjoy the clear pure water, clean air, and the scenic natural beauty, Alfred H. Troutt, Hiawatha National Forest supervisor, told the Rotary Club Tuesday noon.

And the returns in dollars and cents—as well as in the improved health of the recreation seekers—are impressive.

"Last year people spent 1,643,500 days visiting the Hiawatha National Forest seeking and finding outdoor recreation opportunities," said Troutt.

"These people came to hunt, fish, camp, picnic, swim, ride

or walk the trails, or just to enjoy the public lands out-of-doors. Using a conservative figure of \$7 per day visitor, that's \$11½ million spent," he added.

Use Up 30 Percent

Troutt reported that never before in the U. P. has he observed "so much evidence of cooperation at many levels" to improve the economic well-being of the area. "The coordinated effort for better highways, the movement to attract industry, new construction all around and area planning are just a few."

Troutt had predicted last year that there would be a big increase in tourism with the reduction of fares on the Mackinac Bridge, and this has followed.

Use of the Hiawatha National Forest was up 30 per cent in 1969 and may go even higher when final reports are in, Troutt said.

Most campgrounds experienced "turn-away crowds" all summer, not just on weekends.

Meeting The Need

The use of the vast Hiawatha National Forest is being extended to all four seasons of the year, with winter sports taking their place in popularity, encouraged by snowmobiling. All of this is contributing to the dollar value of the recreational aspects of the region.

"Much of the outdoor tour-

ism in the Upper Peninsula is made possible because of the vast acreage of land in public ownership," Troutt pointed out. "True, the actual cash return to local units of government is less than the ad valorem tax rate. That will improve."

"Tourists help generate one out of three dollars of retail trade in the Upper Peninsula. And it's going to be higher. That helps the tax base."

The need is for more camp and picnic areas, more trails for hiking and riding, and the encouragement of private recreational development also.

Troutt cited a recent statement by Secretary of Agriculture Hardin that by the year 2,000 this nation will have to produce 50 per cent more food, timber for 50 per cent more homes, twice as much water, and three times more outdoor recreation opportunities for a population estimated to be 300 million.

Big Sea Water

Noting the increased use of the Hiawatha Forest last year, Troutt said that campground admission and user fees received totaled \$47,383—up 30 per cent over the year before. Twenty-five per cent of the user fees are returned to counties under the 25 per cent return act.

The Hiawatha Forest supervisor directed specific attention to a recreational development named "Big-Sea-Water" located along the south shore of Lake Superior in Chippewa County. Covering more than 64,000 acres, it extends from just west of Brimley westward to the Tahquamenon State Park.

Troutt described the area and its proposed development and illustrated his commentary with slides.

Thomas Straebel, Rotary Club president, conducted the meeting and the speaker was introduced by Merton Jensen, program chairman.

## Douglas Off For Korea Jan. 14

George S. Douglas of Escanaba, who retired as general manager of the Escanaba Paper Co. last year, will leave Jan. 14 for his assignment under the International Executive Services Corps. with the Kye Sung Paper Manufacturing Co. in Korea.

Douglas will be accompanied by his wife for the three-month assignment.

The Korean firm, which has many interests, asked IESC to make available an executive experienced in manufacture of printing papers to assist in the startup of a new paper machine.

The IESC was organized in 1964 by a group of American businessmen to help speed economic growth and strengthen private enterprise in developing nations. It is supported jointly by the U. S. Agency for International Development and over 150 major U. S. corporations and is managed independently by private businessmen.

IESC recruits experienced executives to volunteer for short-term assignments abroad with firms which request assistance. There is no compensation, but expenses are paid.

Since Jan., 1965, IESC has approved requests for assistance from over 1748 enterprises in 45 countries of Latin America, the Middle East, Africa, South America and East Asia.

Information about current recruiting needs is available by writing to the Director of Executive Selection, IESC, 545 Madison Ave., New York, N. Y. 10022.

## Ogden Johnson Memorial Fund Started At NMU

MARQUETTE—Northern Michigan University has received checks of \$500 from the Cleveland - Cliffs Foundation, Cleveland, Ohio, and \$100 from J. S. Westwater, Cleveland, to establish a Memorial Scholarship Fund in honor of Ogden Johnson.

Johnson, who served as interim president at Northern from Sept. 1, 1967 to July 1, 1967 and as a member of the University's Board of Control from 1964 to 1967, died Oct. 16, 1969.

He had worked with the Cleveland-Cliffs Iron Co. from 1952 until his retirement on July 1, 1967, serving as industrial relations director.

Robert W. Taber, vice president of administration for the company, stated that "many of us at Cleveland-Cliffs were old friends of Ogden Johnson and felt his loss immeasurably."

"In recognition of his service to our company, as well as to Northern, we would like this contribution to constitute a memorial to Ogden Johnson in the form of a one-time scholarship to a worthy student selected by the university."

## WLUC-TV Moves Are Announced

New general managers have been named at Post Corporation television stations in Michigan and Wisconsin.

Elroy D. Strand, general manager of WLUC-TV, Marquette, has been named general manager of WEAU-TV, WAXX and WEAU-TV radio, Eau Claire and Chippewa Falls. Leo Howard, who had managed the properties, has left the company.

Lou W. Chappell, station manager at WLUC, is the new general manager there.

## Obituary

MRS. MARY ANN RAPIN

Funeral arrangements for Mrs. Mary Ann Rapin have been completed as follows: funeral services will be conducted at 9 a.m. Friday at St. Patrick's Church with Msgr. Wilbert Gibbs, a nephew of the deceased, officiating. Burial will be in Holy Cross Cemetery.

## Story Features Escanaba Man

Three Upper Peninsula men—including Robert Heynssens of Escanaba—are among the principals featured in a story written by Patrick K. Snook in the February issue of Saga magazine.

The story, "Snowmobile Safari", details the experiences of six persons on a moose hunting expedition by snowmobile into Ontario, Canada, and includes 11 color photographs of the trip.

Heynssens was one of two successful marksmen on the trip, bringing down a bull moose estimated to weigh about 1,500 pounds on the seventh day. He also had the experience of spending a night alone in the Canadian wilds after becoming lost. He was picked up the next day by a bush pilot and returned to his party.

The other two Upper Peninsulans on the trip were Bud Weeson and Dick Lutey of Marquette. They were joined by Snook, outdoors editor for Saga; his wife, Jeanne, and Buzz Sullivan, a neighbor of Snook.

The group hunted out of a camp north of Sioux Narrows, Ont., which is some 65 to 70 miles north of International Falls, Minn.

"For days we chugged across frozen lakes and rivers—sometimes fanning out as much as 30 miles from our camp," Snook wrote. "We battled freezing temperatures (some days it dropped to 40 below), howling winds and huge snow drifts, and all we ever found were fresh tracks—but never a glimpse of our elusive prey. Then, on the seventh day, all was forgotten and forgiven when we spotted that gigantic bull with its five foot rack..."

Heynssens, who operates Heynssens & Selins, Inc., furniture and carpeting in Escanaba, is an experienced woodsman and snowmobile driver.

More people get more news from newspapers than all other sources combined.

## Briefly Told

Escanaba Police Patrolman Ed Bertrand suffered a slight injury to his right thumb in an accident at the police station last night when a primer cap exploded while he was making ammunition. The department officers make ammunition for their service weapons in a work room in the station basement.

Traffic court notices have been issued by Escanaba police to James J. DeCaire, 528 S. 13th St., improper turn; Arthur Amolsch, Marquette, improper backing; Herbert J. Hay of Belmont, Wis., and John J. Skradski, 1419 N. 18th St., both for failing to yield the right of way.

## U.P. Man Killed

FLINT (AP) — William Schmeiter, 75, of Baraga was killed Tuesday when his car went out of control and crashed into a bridge abutment on southbound I 75 in Flint Township.

## Henriksen Named Asst. Principal At Anchor Bay

Edward C. Henriksen, former mathematics instructor at Anchor Bay High School, has been appointed assistant principal of the high school. Henriksen has been employed by the Anchor Bay School district for 10 years.

During the 10 years he taught mathematics, physics and drafting and served as assistant varsity coach.

In addition to the administrative position, Henriksen will serve in the capacity of Anchor Bay's athletic director.

Henriksen received his B. S. and M. A. degrees from Northern Michigan University. He is currently working toward a specialist degree in secondary administration from Eastern Michigan University.

Henriksen's appointment was effective Dec. 18. He is the son of the late Edwin Henriksen and Mrs. Louis Groos of Escanaba.

## Events

**Rebekah Lodge**  
Phoebe Rebekah Lodge, 179 will meet at 8 p.m. Thursday at the Odd Fellows Hall. A potluck lunch and cards will follow the business session.

Joint installation of newly elected and appointed officers will be held Jan. 17 with Impellant Lodge 460, IOOF, as hosts.

## Rapid River

**Women's Fellowship**  
The Women's Fellowship of the Rapid River Congregational Church will meet at 8 p.m. today at the home of Mrs. George S. Anderson in Rapid River. The program for the evening will be presented by Mrs. Wallace Cameron of Gladstone. She will show slides of the family's trip to Russia.

Program arrangements were made by Mrs. George Wilbee, Fellowship president. Members and friends are invited.

## Central WSCS Will Meet On Thursday

The regular monthly meeting of the Women's Society of the Christian Service of the Central United Methodist Church will be held Jan. 8 at 7:30 p.m. The John Wesley Circle will host the meeting. Dessert will be served preceding the meeting.

Devotions will be led by the Marion Kline Circle. The program for the evening will be, "Honor a Member Night." All friends and members are invited to attend.

A pasty sale will be held Saturday at the church and orders may be made at the church office, 786-0643 or by calling Mrs. Clarence Moyle, 786-6543 during the week.

The circle schedule for this month is as follows:

**ISABELLA THOBURN**—Jan. 12, 7:30 p.m., at the church.  
**JOHN WESLEY**—Jan. 12, 7:30 p.m., at the church.  
**EDITH PARKS**—Jan. 13, 1:30 p.m., at the church.  
**MARION Kline**—Jan. 13, 8 p.m., at the church.  
**CLARA SWAIN**—Jan. 15, 9:30 a.m., at the church.  
**MARY FRITZ**—Jan. 15, 2 p.m., at the church.

**ANNOUNCEMENT** is made by Mrs. Ruth Brandt of Stonington of the engagement of her daughter, Dale Lee, to Pfc. Paul A. Sullivan Jr., son of Mr. and Mrs. Marvin Vanderville of Wells. The bride-elect is a 1969 graduate of Rapid River High School and is employed by the Harnischfeger Corp. Her fiancé is a 1966 graduate of Escanaba Area High School and is presently stationed at Fort Benning, Ga. No wedding date has been set.

A tenth of the earth's land surface still lies hidden beneath ponderous ice.

## Births

**TOWNSEND**—Mr. and Mrs. Francis Townsend of Aurora, Ill., are the parents of a son, John William born on Dec. 23. The infant weighed 9 pounds and 4 ounces at birth. The mother is the former Nancy Goodpastor and Mr. Townsend is a former Escanaba resident.

**TAYLOR**—Mr. and Mrs. Michael Taylor of 117 S. Lincoln Road, welcomed their first child, a son, at 9:51 a.m. on Jan. 7. The infant weighed 8 pounds and 7 ounces at birth and has been named Scott Alan. The mother is the former Dawn Rae.

**ANDERSON**—Mr. and Mrs. Albert Anderson of 5712 66th Pl., Kenosha, Wis., are the parents of a daughter, Molly Mai, born at 1 a.m. New Year's Day at St. Catherine's Hospital, Kenosha. The infant, weighing 5 pounds and 8 ounces, at birth was the first of the new year in Kenosha. The Andersons have two other children, Jill, 8 and Joel, 6. Mrs. Anderson is the former Gayle Cary, daughter of Mr. and Mrs. Alton Cary of Escanaba. The father is the son of Mrs. Signe Anderson of Gladstone. The Andersons have resided in Kenosha for five years.

# GLADSTONE

## Week Of Prayer Program Listed

The Evangelical Covenant Church will use the theme, "A Call to Prayer in an Age of Crisis," for their observance of Universal Week of Prayer this week.

Tuesday evening members gathered at the church to study the meaning of prayer followed by a time of sharing in group prayer. Thursday at 8 p. m. the Covenant Women's Combined Circle will meet at the church and portions of the program will center on the role of prayer in the family circle.

On Friday evening two homes, the Einar Olson home on the east side and the Lloyd Nyberg home on the west side, will be open for prayer gatherings beginning at 7:30 p. m. A men's breakfast has been scheduled for 8 a. m. Saturday at the church.

All members and friends of the church are encouraged to participate in the events of this Week of Prayer.

## Events

**Church Meeting**  
Women of Evangelical Covenant Church will hold their annual business meeting at the church at 8 p. m. Thursday. The program theme will be "Prayer," and hostesses will be Mrs. Anna Bredahl and Mrs. Carl Nyberg.

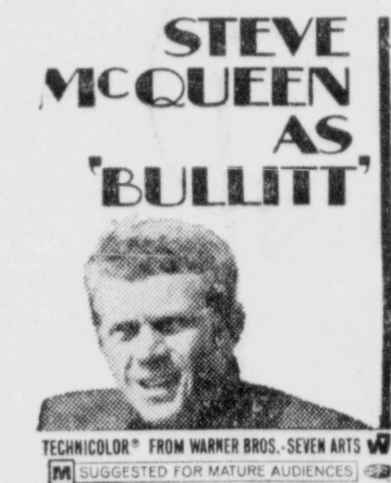

**Royal Neighbors**  
The Royal Neighbors will meet with Mrs. S. J. Dufresne, 1701 Lake Shore, Friday at 2 p. m.

**LCW To Meet**  
The LCW of First Lutheran Church will hold their regular meeting at the church Thursday at 8 p. m. Mr. and Mrs. Elmer Peterson, Perkins, former Gladstone residents, will show slides taken on their trip to Sweden last summer. Hostesses will be Mrs. Norman Nelsen, Mrs. Melvin Carlson and Mrs. Jack Labre.

## NOW 2 EXCITING HITS!

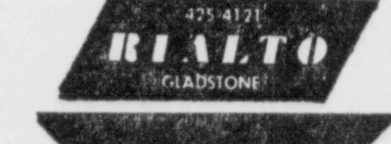

Shown at 7:00 P. M.

Shown at 8:45 P. M.

## Births

**LARSEN** — State Trooper and Mrs. David M. Larsen, Dimondale, Mich., are the parents of a son, David Marvin Jr., born Dec. 31. The baby, second child in the family, has a brother, James, 2 years old, and is the second grandchild for Mr. and Mrs. Marvin Larsen, 521 Minneapolis Ave. Mrs. Larsen flew down to Dimondale the day the baby was born to take care of Jimmy and returned home Sunday.

## Frank's Capture First Half Title

Frank's captured first place honors for first half in the Gladstone Dartball League with Ideltide grabbing runner-up honors. Metropolitan took third place and Murphs was fourth.

Another team, Sully's, dropped out of the league according to officials. League officials have set a meeting to determine the final outcome.

The schedule for tonight follows: Spars at Ideltide; Hiway at Frank's; Murphs at First National; Woody's at Metropolitan and Arcadia at Eddy's. Lincoln House drew a bye.

## Personals

Sp/4 and Mrs. Jeffrey Orton have returned to their home in El Paso, Tex. after visiting a few days with their parents, Mr. and Mrs. Owen Orton, 1201 Wisconsin Ave., and Mr. and Mrs. Arthur Coolman, 230 N. 18th St., Escanaba. Orton is stationed at Fort Bliss, Tex.

Mr. and Mrs. Pete Standing, 609 Montana Ave., have returned after spending 10 days visiting their daughters, Mrs. Steve Johnson, in Sterling Heights, and Mrs. Neil Bucholz, Ann Arbor, and their families.

More people get more news from newspapers than all other sources combined.

**GRADUATE IS 109** — Mrs. Kittie Bonham Harvey, 109, holds her honorary bachelor of arts degree from Western College for Women, Oxford, Ohio. Poor health forced her to leave school in 1878. She is shown in Salina, Kan.

## Police Get Okay To Wear U.S. Flag

**NEW YORK (AP)**—New York City policemen will be permitted to wear small American flags on their uniforms, a deputy commissioner says.

Police Commissioner Howard Leary will announce today the new orders permitting wearing of flags whose size and design were "in keeping with the uniform." Deputy Commissioner Richard Kellerman said early today.

The announcement followed a threat by the Patrolmen's Benevolent Association to back "1,000 per cent" a patrolman who was put on report Monday for wearing a small American flag on his chest over two rows of citations for bravery and excellence.

## Skirmish Lines Set For Pollution Fight

**HILTON HEAD ISLAND, S.C. (AP)** — This Palmetto-fringed resort island is an unlikely setting for a battle but skirmish lines have been drawn between local groups and a chemical manufacturer.

At issue are plans of BASF, an American subsidiary of a German corporation, to build \$200 million in chemical plants near the island, despite the protests of resort developers, fishermen and other residents.

Opponents fear that any pollution produced by the plants would harm the multi-million dollar recreation industry and ruin the sea food industry in the surrounding waters. And they are ready to go to court in what may become a classic confrontation between industrial expansion and conservation.

The opposition mapped its plans at a three-day conservation symposium that ended today. The meeting drew about 50 conservationists from across the country who agree the plants would jeopardize the ecology of an unspoiled area.

The question they ask is this: Should any industry be built in the area that imperils a \$180 million resort investment?

To this, BASF says the two can coexist happily. The substance of the opposition is that BASF, which will build its plants 3 1/2 miles from Hilton Head Island, will pump 2.5 million gallons of waste water into nearby waterways, causing widespread pollution of

Port Royal Sound and other coastal waters.

Charles Fraser, whose Sea Pines Plantation Co., has a \$20 million investment in the island, said in an interview that BASF has a bad pollution record in Europe and has offered no assurances that pollution will be prevented in South Carolina.

The developer termed a "cruel hoax" the promise that BASF will do much to eliminate poverty in the area by hiring the unskilled and undereducated.

And, he charged that BASF's Antwerp, Belgium, plant has polluted local waterways so badly that swimming and fishing is now prohibited in them.

Herbert Ende, works manager for the proposed Beaufort County plants, dismissed all of the charges as either without substance or irrelevant.

More people get more news from newspapers than all other sources combined.

Mrs. Leo Sikarski was devotional leader and a contribution was approved for the St. Anne's Altar Society. Mrs. William Pistulka will

# MANISTIQUE

## Worth To Talk At Guest Night

Jean Worth of Escanaba will be guest speaker at the annual Manistique Women's Club "Guest Night for Husbands" next Tuesday at the Fireside Inn.

He will discuss "The Upper Peninsula From the Inside." A 1925 graduate of the American Academy of Dramatic Arts, Worth appeared in several stage presentations in New York before an automobile accident halted his stage aspirations. He then turned from acting to journalism and went to work for the Detroit Times.

In 1930, he returned to his hometown, Menominee, to become city editor of the Herald-Leader. He was named managing editor in 1934 and editor in 1943. He moved to Escanaba in 1955 as editor of the Daily Press and served 14 years before his retirement last May.

He continues to be active as a journalist as feature writer and consultant for Panax Corp. newspapers. He also is employed as a community consultant for Mead Corp. and works with Bay de Noc Community College.

Tickets are available, at \$3 per person, for the 6:30 p. m. smorgasbord from Mrs. Robert Ebl at the Sears Store. Reservations will be accepted until Monday noon. A social hour will precede the dinner.

## Births

**DuFOUR** — Mr. and Mrs. Dale DuFour, 511 Arbutus, are the parents of a son born Monday, Jan. 5, at the Schoolcraft Memorial Hospital. The infant weighed seven pounds and one-half ounce. Mrs. DuFour is the former Sally Rivard.

**VAN DUSEN** — A son, weighing eight pounds and two and three-fourth ounces, was born to Mr. and Mrs. Clyde Van Dusen, Rte. 1, on Monday, Jan. 5, at the Schoolcraft Memorial Hospital. The mother is the former Patricia Kasper.

**SKUNK VALUE DOWN**  
**GRAND JUNCTION, Colo.** — An official of the Colorado Game, Fish and Parks Department blames a drop in the fur market for a big increase in the skunk population of western Colorado. He said skunk pelts sold for \$3.50 or \$4 a few years ago, but now bring only \$1.

host the Feb. 2 meeting with Mrs. Jack Roemer and Mrs. Patrick helping.

## Advisory Group Sets Proposals

The board of education Advisory Committee drew up proposals for presentation to the board at their regular monthly meeting Monday night at the high school. The recommendations will be presented at next Tuesday's board of education meeting.

The Advisory Committee, formed less than a year ago, meets monthly and has been surveying and studying needs of the school district.

Rev. Ingmar Levin, pastor of the Zion Lutheran Church, is chairman of the group.

## Obituary

### CHARLES NELSON

Funeral services will be held Friday at 2 p. m. at the Messier-Broullire Funeral Home for Charles Nelson, 91, who died Tuesday at 8 a. m. at the Schoolcraft Memorial Hospital. Mr. Nelson, who lived at 738 Michigan Ave., had been a hospital patient since Dec. 15.

He was born May 8, 1878 in Sweden but spent most of his life in the Manistique area. He worked as a carpenter. He was a member of the Jehovah Witnesses and the Runeberg Lodge.

Survivors include his wife, the former Helma Anderson, Irving, Tex.; one step-son, Henry Lundin, Irving, Tex.; one step-daughter, Mrs. Wayne (Edith) Jackson, Wilmington, Calif.; one brother, Albin, Manistique. Four grandchildren and eleven great-grandchildren also survive.

Friends may call at the Messier-Broullire Funeral Home beginning at 7 p. m. Thursday. The Friday funeral services will be conducted by Arvid Carlson. Burial will take place in the spring in the Fairview Cemetery.

## Hospital

Admitted to Schoolcraft Memorial Hospital Monday were Sally DuFour, Robert Johnson, Dorothy Vaughn, Beatrice Fedrizzi, James Tennyson and Ingrid Anderson.

Discharged was Roy Betterly.

## Briefly Told

**The Atwater Extension Study** Group will meet Monday, Jan. 12 at 8 p. m. at the home of Mrs. Marvin Frederickson, 520 Arbutus Ave.

**The hot lunch menu** for Thursday at Central, Fairview, Doyle, Hiawatha and Germfask schools will include turkey and gravy, whipped potatoes, cranberry sauce, fruit and beverage.

**Public Safety officers** report an automobile driven by Herb Rosen, 85, 627 Manistique Ave., struck a parked car owned by William Price of Gulliver on Arbutus Ave. Monday at 1:45 p. m. Rosen was cited for failure to have vehicle under control. Slight damage was reported to both vehicles and they were able to be driven.

**Several memorial books** have been presented to the Manistique School and Public Library and are available for circulation. "Pathways to Understanding" and "Best Wishes" by Harold E. Kohn were presented by a member of the family of the late Mrs. Alfred Richer. The books are of the devotional nature studies series and are illustrated by the author. Two large-type editions are also available: "Sunday the Rabbi Stayed Home" by Harry Kemelman and "The Sea Around Us" by Rachel L. Carson. The first was presented in memory of Mitchell Mincoff by the Class of 1945 and the second in memory of Matt Stram. The St. Francis de Sales Parish Library has received "Animal Behavior" by Niko Tinbergen from friends of the late Mrs. John Hettel of Gulliver. "Behavior" is geared to young readers curious about animal behavior and branches of science.

**More people get more news** from newspapers than all other sources combined.

## CARD OF THANKS

Our heartfelt thanks to all who extended comforting sympathy during our recent bereavement, the death of our beloved wife and mother. We especially wish to thank the many relatives, friends and neighbors who sent cards, spiritual tributes, flowers and food; the WSCS ladies who served lunch; the Addie Rebekah Lodge for memorial service and other acts of kindness; the Messier-Broullire Funeral Home; and a special thanks to Rev. and Mrs. Theodore Doane for guidance, music and spiritual offerings in time of need.

The Family of  
Blanche O'Neil

## LOST

Our Golden Retriever has been missing since Dec. 29. Answers to either "Chip" or "Big Moose." Weighs about 65 lbs. Stands about 24" tall; red collar with silver studs and name tag. Reward. Call Patty, Billy or Steve Olesak, 341-5037 or 341-5414, Manistique.

# Record Numbers Visit Seney Refuge In 1969

**BY JOHN WILBRECHT**

SENEY — The year 1969 produced a record public use year for the Seney National Wildlife Refuge. A total of 84,191 people visited the refuge last year, up over 5,000 from 1968.

Use of the two refuge tour routes was made by 10,288 people, also a record. The high use of these tours is particularly encouraging to the refuge staff, for they provide both an interesting and an educational introduction to the refuge program.

Numerous improvements have been made in the refuge's interpretive program to provide even better services for 1970. A new bald eagle display has been built for the Visitor Center and should prove to be one of the major attractions of that building.

A completely revised self-guiding booklet for the Marshland Wildlife Drive has been written. The Nature Trail has been brushed out and wood-chipped and new interpretive signs have been prepared.

**Wildlife**

The evening guided tour used an experimental radio system in 1969. Some problems were experienced last year, but the system will be improved this coming summer.

Wildlife fared well at the refuge last year, too. A total of 1,091 goslings were hatched and, in spite of a die-off from bird malaria, about 600 were raised to flight.

About 1,500 Canada geese from the refuge flock migrated south in 1969. With the goose season 'closed' around Seney Refuge and also at the Tennessee National Wildlife Refuge, the major wintering area of the Seney flock, it is hoped that 1,300 birds will return in the spring.

There were two known successful bald eagles' nests on the refuge in 1969 and each produced one young. In addition, deer hunters discovered a new nest which will be closely watched for activity this spring.

**Hunting, Fishing**

Deer hunting was up considerably in 1969. An estimated 800 hunters harvested about 110 deer on the refuge last fall. Parts of the refuge were also open to grouse and woodcock hunting. Fishing remained popular on the open pools last summer with about 6,600 visits recorded.

The refuge forestry program was intensified in 1969 in an effort to make better use of the timber resources of the refuge. The program is wildlife-oriented and serves to provide better food and cover for game animals such as the white-tailed deer.

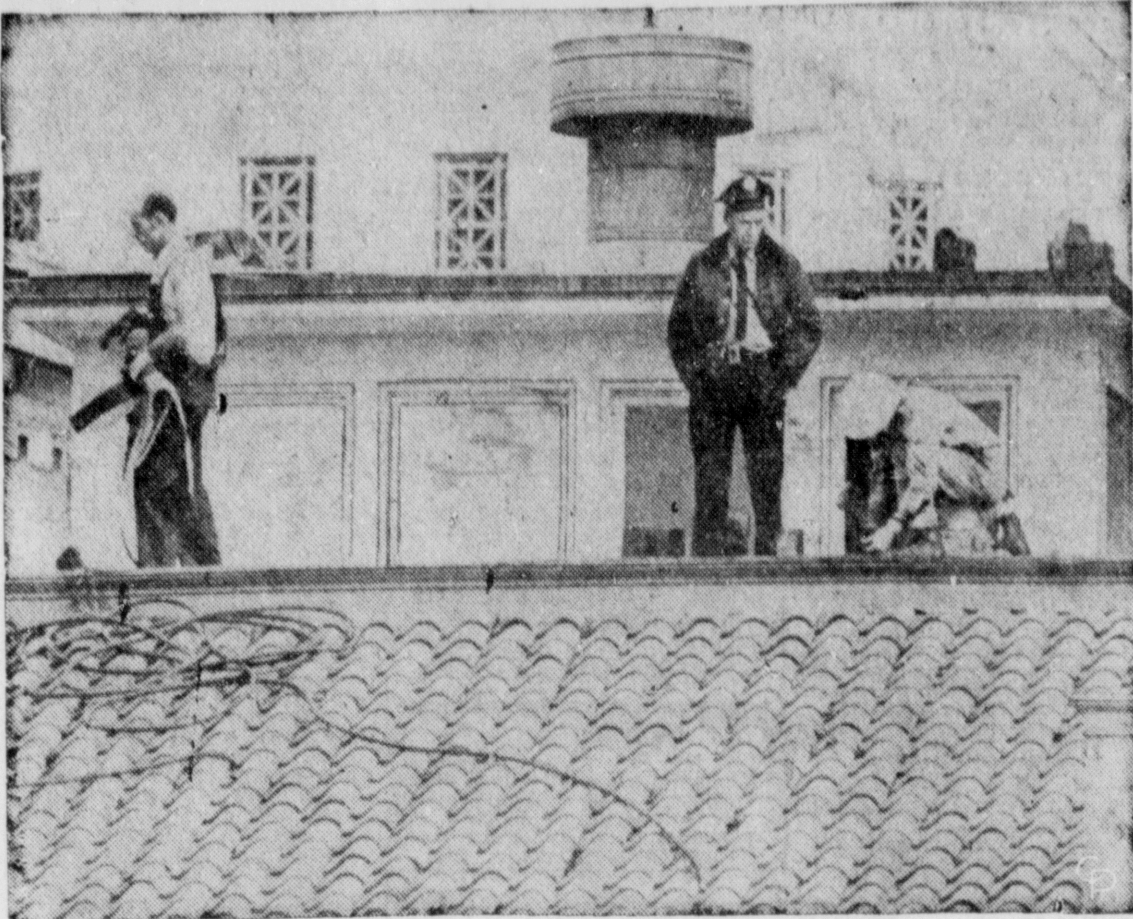

This program not only benefits wildlife, but also provides needed jobs and income in the local community. Over 400 acres of red, white and jack pine stands were sold last year for over \$12,000.

Everyone is invited to visit Seney Refuge in 1970 to learn first hand what the Department of the Interior, the Bureau of Sport Fisheries and Wildlife and Seney National Wildlife Refuge are doing to protect our environment. Further information may be obtained by writing to the Refuge Manager, Seney National Wildlife Refuge, Seney, Michigan 49883.

## Wage Hike OK'd

PORT HURON (AP) — A special five-man committee of the St. Clair County Board of Supervisors has voted to recommend salary increases and an additional assistant for the county prosecutor's office. Committee Chairman Elmer Kodet said the total cost of the package would be about \$21,200 a year.

Classified Ads Cost Little, But Do A Big Job!

LABOR TROUBLE — No, just repairs on roof of the U. S. Mint in Denver, but they're taking no chances. The armed guard and workmen seem pretty nonchalant about it.

## Ships Continuing Great Lakes Trips

SAULT STE. MARIE (AP) — With the record already broken for the longest shipping season on the Great Lakes, at least five more ships were reported northward bound for the Soo Locks.

One, the A.H. Ferbert, was expected to pass through the locks Tuesday en route to Two Harbors, Minn., for another load of taconite ore.

The last ship through the locks last year, the Anders Voorhees, was locked through Monday, one day later than in 1969.

This year the total tonnage moved through the Soo Locks reached 98.4 - million tons, compared to almost 90 million last year. The record for any one year was set in 1953 when more than 128 million tons of ore moved through the Soo.

## No Annexation

CHARLEVOIX (AP) — Voters in Charlevoix Township have defeated a proposal for annexation with the city of Charlevoix. The unofficial vote count Tuesday was 147-81 against the annexation proposal.
